5 HUMAN RESOURCES & DISCLOSURE

5.1 Recruitment

As part of the Club's recruitment and selection process, offers of work to positions which involve working with children are subject to satisfactory DBS Criminal Record Checks (CRC) with barred list check, if necessary and appropriate references are obtained. All requests for CRC are applied for online. All offers of work are subject to the outcome of the screening process and until such time as a satisfactory CRC certificate has been confirmed as clear, the member of staff will not be left unsupervised with children.

All employees, workers or volunteers in a position of trust are required to sign up to the Update Service and annual checks will be carried out by the Club.

Should an individual's CRC Disclosure reveal any convictions the Company will consider whether the nature of the offence/offences renders the person concerned unsuitable for working with children. In such circumstances, when the nature of any disclosure has to be considered, a risk assessment will be carried out by the Lead Disclosure Officer, Safeguarding Manager and the appropriate Line Manager to assess the information contained within the disclosure certificate.

On occasion the member of staff/volunteer may also be asked to attend an interview prior to a recruitment decision being made. If required the Head of Safeguarding for the Football League and/or the Local Safeguarding Children Board may be asked to attend the risk assessment meeting.

All new employees, workers or volunteers working with children or vulnerable people at the Club will be required to complete a Self-Declaration on commencement of duties.

Whilst Players under the age of 18 are taking part in activities relating to the Development squad and First Team, the Club will continue to ensure that they fulfil their obligation of duty of care towards the Players and safeguard the welfare of children and young people by taking all reasonable steps to ensure they are protected from harm.

6.5 Children who are not picked up on time

OUFC has procedures in place for children whose parents do not collect them from an activity at a specified time. All parents/carers are made aware that their children should be met no later than 30 minutes after an activity has finished. Should the child not be collected within 15minutes, coaching staff have emergency contact numbers and communication with the office to seek alternative numbers if necessary. In the event that a child is not collected on time, a minimum of 2 coaching staff will wait at the venue until the parent / carer arrives. Should the child not be picked up at all and the coaching staff would make contact with their Head of Department and the Welfare Officer who would contact Children's Services and the Police.

It would always be carried out by fully trained personnel who would hold a SIA qualification as well as the Physical Intervention qualification. If in doubt of age a Safeguarding Officer would be called along with the police. Police are always present on site for every home fixture.

7 GUIDELINES IN THE EVENT OF CONCERN

7.1 Highlighting Concern

Although OUFC is committed to doing the utmost to safeguard children and vulnerable people from harm, there may be an occasion when concern is raised over the treatment of a person. 'Child abuse and neglect' are generic terms encompassing all ill treatment of children or vulnerable people as well as cases where the standard of care does not adequately support the persons health or development. Children or vulnerable people may be abused or suffer neglect through the infliction of harm, or through the failure to act to prevent harm. Abuse can occur in a

family or an institutional or community setting. The perpetrator may or may not be known to the person.

7.2 Recognition – Signs of Abuse

There are five main forms of abuse identified as follows, should you have any concern that abuse is occurring you should contact the Welfare Officer immediately. The five main forms of abuse are;

1. Physical Abuse

Physical Abuse is a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child or vulnerable person. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child or vulnerable person.

2. Sexual Abuse

Involves forcing or enticing a person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the person is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children or vulnerable people in looking at, or in the production of, sexual images, watching sexual activities, encouraging children or vulnerable people to behave in sexually inappropriate ways, or grooming a child or person in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children and vulnerable people.

3. Neglect

The persistent failure to meet a child's or vulnerable person's basic physical and/or psychological needs, are likely to result in the serious impairment of the persons health or development. Neglect may occur during pregnancy as a result of maternal substance abuse.

Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment);
- protect a child or vulnerable person from physical and emotional harm or danger;
- ensure adequate supervision (including the use of inadequate care-givers); or
- ensure access to appropriate medical care or treatment.

It may also include neglect of, or unresponsiveness to, a child's or young person's basic emotional needs.

4. Emotional Abuse

Emotional Abuse is the persistent emotional maltreatment of a child or vulnerable person such as to cause severe and persistent adverse effects on the person's emotional development. It may involve conveying to a person that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child or young person opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children or young people. These may include interactions that are beyond a person's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the person participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing people to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child or a vulnerable person, though it may occur alone.

5. Bullying

The Club define bullying as the repetitive, intentional hurting of one person or group by another person or group, where the relationship involves an imbalance of power.

The Club also recognises the concept of hazing. Hazing is any action or situation, with or without the consent of the participants, which recklessly, intentionally, or unintentionally endangers the mental, physical, or emotional wellbeing of a child or vulnerable person. Hazing is not tolerated by the Club.

8 RESPONDING TO A REPORT OR SUSPICION

Where possible the Safeguarding Manager should be contacted as early as possible, however it is recognised that an individual may need to respond to a situation immediately. With this in mind the following guidelines offer help and support in responding to abuse or a suspicion of abuse:

Do:

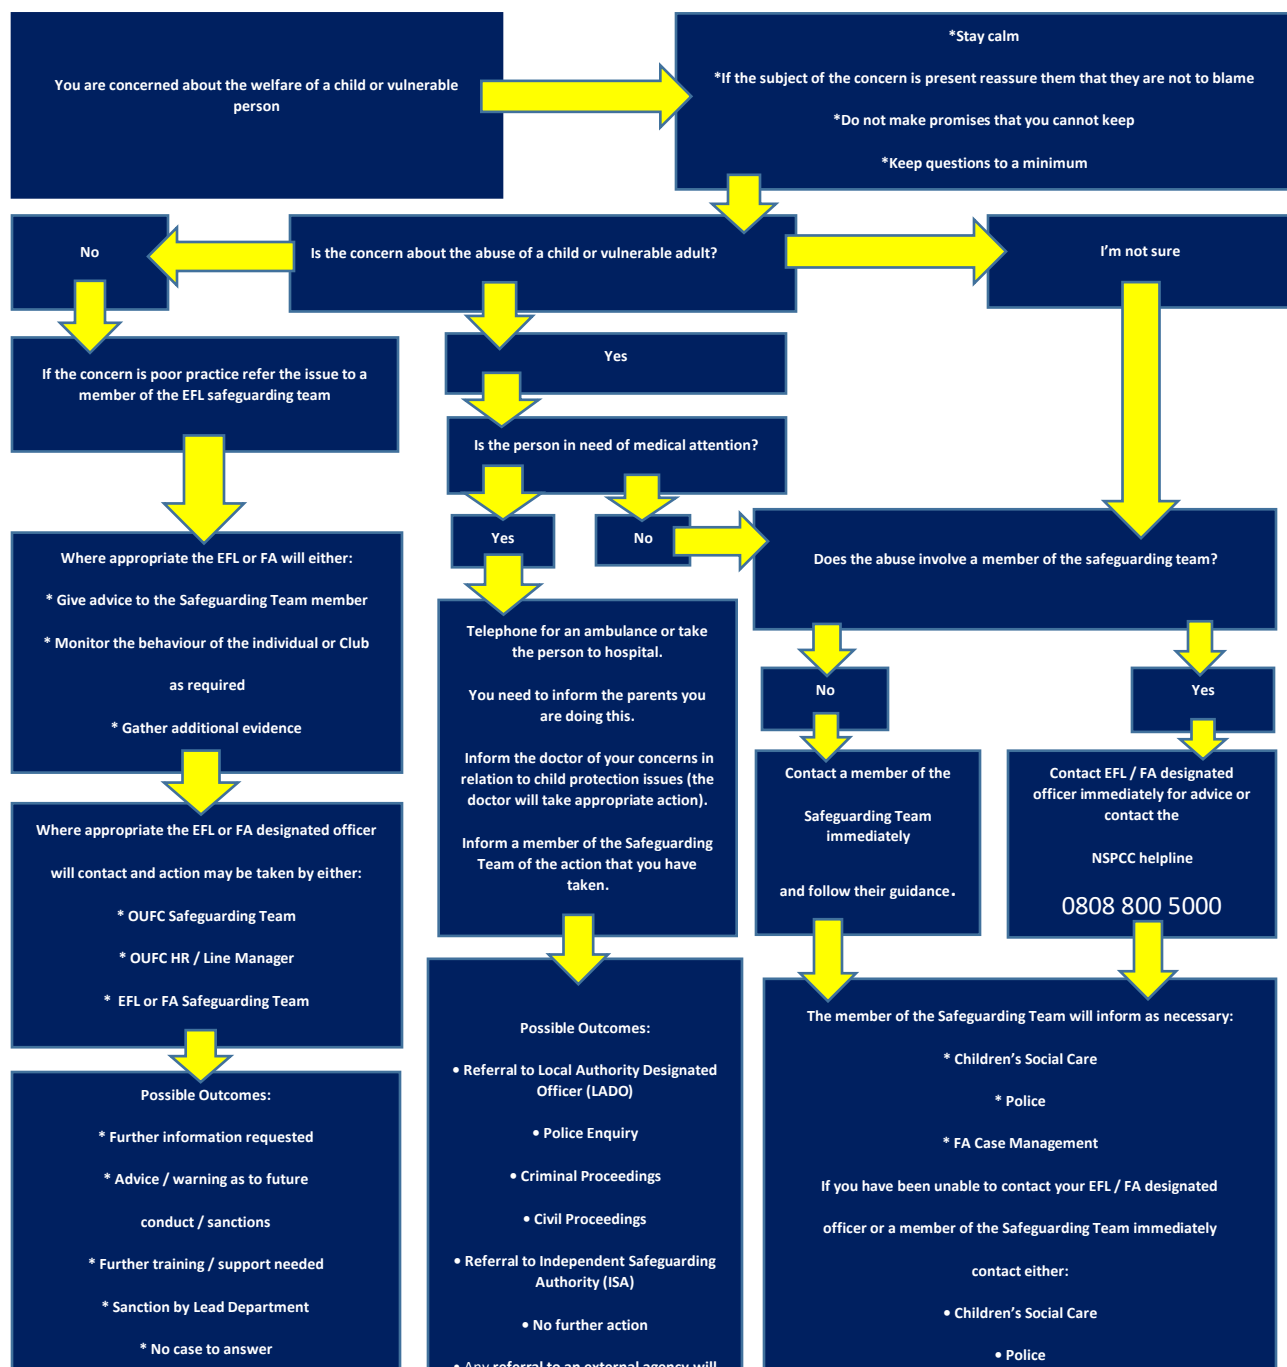

- If the child is hurt or ill - seek medical attention if necessary – call the Police 999 and ask their advice if you are unsure - or Local Authority Designated Officer – if the child is immediately at risk of significant harm
- treat any allegations extremely seriously and act at all times towards the child to show you believe what they are saying - **LISTEN**
- tell the child they are right to tell you
- reassure them that they are not to blame
- be honest about your own position, who you have to tell and why
- tell the child what you are doing and when, and keep them up to date with what is happening
- take further action – you may be the only person in a position to prevent future abuse
- **3R's Respond, Record, Refer** (Report on to the appropriate person)
- write down everything said and what was done as soon as you can - Use the child's words – not your own opinion or what you think they said
- inform parents/carers unless there is suspicion of their involvement

Don't:

- make promises you cannot keep
- interrogate the child – it is not your job to carry out an investigation/interview – this will be up to the police and local authority professional staff, who have experience and are trained specifically to sensitively manage the disclosure – ask the most basic questions and then let the child talk, you LISTEN and ensure that you do not jeopardize any potential criminal investigations
- cast doubt on what the child has told you, don't interrupt or change the subject
- say anything that makes the child feel responsible for the abuse
- promise to keep secrets or keep the information confidential

A quick guide to reporting a safeguarding incident

Make sure you tell the Safeguarding Manager immediately, they will know how to follow this up and where to go for further advice. Doing nothing and ignoring a concern is not an option.

Contact details are to be found at the end of this document.

9 RECORDING ALLEGATIONS OR SUSPICIONS

The Welfare Officer will ask for a written factual statement from the person making the report. If the report involves an allegation about another member of staff, that person will also be asked to write a brief report. Any statement made by the child or vulnerable person should be reported *in their own words*. These reports should be confined to facts and should not include any opinion, interpretation or judgement.

OUFC will ensure that any person concerned is immediately removed from any possible risk of harm. Investigations into possible abuse will require careful management. The Welfare Officer should seek the advice of the Local Authority Safeguarding Children Board, the Police, or in cases of low level poor practice The Football Association Safeguarding Children & Vulnerable Adults Case Management Team before setting up an internal inquiry and take their advice on informing the child or vulnerable person's parents or carer. In any case of suspected abuse, as soon as the Local Authority Designated Officer has been informed, OUFC must provide a report to the Football League's Head of Safeguarding and the FA Head of Safeguarding Children & Vulnerable Adults – by the referral form which is held with the Club Welfare Officer.

Confidentiality

There is always tension and caution around issues of confidentiality. The advice for all staff at OUFC is that no guarantee of confidentiality can be given to a child or vulnerable person (although this does not necessarily mean that the parents of the young person have to be told).

You cannot promise to keep their disclosure a secret or that you will not have to speak to someone else about the issue – reassure them that it will be on a 'need to know' basis and that their dignity and privacy will be respected at all times.

A child or young person should never be pressured to give information or show physical marks unless they do so willingly. **If they chose to show markings, two members of staff should be present.**

There are actions which staff have to and are obliged to take once we are aware of a problem. Undertakings of confidentiality should not be given either to the person making the allegations or to the person being interviewed. A matter is confidential on a need to know basis and nobody should have any reservations about referring a safeguarding children issue to the Welfare Officer.

The key issue is that the welfare of the child is protected.

- **Ensure that the safety and welfare of all participants is your first priority** and ensure that any planning, preparation, delivery or review reflects this duty and all actions are in the best interests of those in your care.
- **Treat children and vulnerable people with respect**, regardless of their gender, ethnic or social background, language, religious or other beliefs, disability, sexual orientation or other status and encourage them to treat others the same way. Always consider the age, maturity, understanding and emotional condition of participants when working with them.
- **Listen carefully to children and vulnerable people** about their needs, wishes, ideas and concerns and take them seriously.
- **Reward effort as well as performance.**
- **Only use physical contact with participants where absolutely necessary.** If contact is necessary, (e.g. for the purposes of coaching or first aid), then explain to the child what the contact is for, and change your approach if he or she appears uncomfortable and conduct this in an open and transparent way.
- **Establish clear codes of conduct for participants and apply disciplinary policies equally and fairly** in respect of poor behaviour. Physical punishment or discipline or use of aggressive physical force of any kind towards any participant in your care is prohibited.
- **Always use language or behaviour towards participants and others that is appropriate** and do not use language or behaviour that is or could be considered harassment, abuse, sexually provocative or demeaning. You are a role model to both participants and other members of the workforce, your appearance, attitude, behaviour and language has a direct effect on your role.
- **Not supervise or care for others whilst under the influence of alcohol or illegal drugs** or any medication that may impair your ability to ensure a players welfare.
- **Not appear to favour one child or show interest in one child more than another.**
- **Wherever possible, ensure that more than one member of the workforce is present** when working in the proximity of children or other vulnerable people. It is inappropriate to spend excessive time alone with those children you supervise or care for or to take them to your home.
- **Always maintain professional boundaries in person and online.** Do not engage in physical 'horseplay' with any participants and where possible avoid personal involvement in the activity you are responsible for. Be careful when engaging participants in 'banter' as this can easily be misunderstood. Recognise the danger to self and others when online.
- **Not engage in any form of sexual activity with or involving a child or vulnerable person in your care.** Such activity is prohibited regardless of the legal age of consent, and is considered a breach of this Policy.

Report any concerns you have over a person in your care or the actions of a member of the workforce. If you witness or are told about any incident or issue that may put a vulnerable person at risk or harm, or may breach this policy, you have a duty to report it to the appropriate person (and only share the information with those who need to know). This may be your line manager or designated Welfare Officer.

10 Matchdays

Oxford United Football Club have a responsibility to ensure the safeguarding needs of all children and vulnerable people are met when involved in any activity connected to the club, matchdays offer no exception. Whether the child or vulnerable person is partaking in activity organized by the club or is here simply to watch the game they should feel safe.

Oxford United Football Club have a clear policy in dealing with safeguarding concerns on matchdays. This is underpinned by a clear staff reporting structure to ensure that safeguarding concerns are handled appropriately.

This section deals exclusively with the management of safeguarding concerns on matchdays. The measures in this section are intended to compliment the main body of this document.

All matchday staff have a responsibility to report any concerns to the matchday safeguarding officer regardless of job title or position. Inaction is not an option.

On a matchday staff will report any safety concerns to their relevant supervisor or department head, they will in turn assess the concern and then pass the information to the Safety Officer who will assume ultimate responsibility on a matchday.

Supporters have the option to report incidents of concern to any member of staff or to our matchday incident reporting hotline on 07342 274742. This number is monitored from 1400 until 30 minutes after the end of a match

Any safeguarding concern that requires further attention will then be reported at the earliest opportunity to the Designated Safeguarding Officer for further action. All incidents will be logged in a central document and reviewed at monthly meetings.

Matchdays can present unique situations that staff need to be aware of. Staff should take extra consideration with:

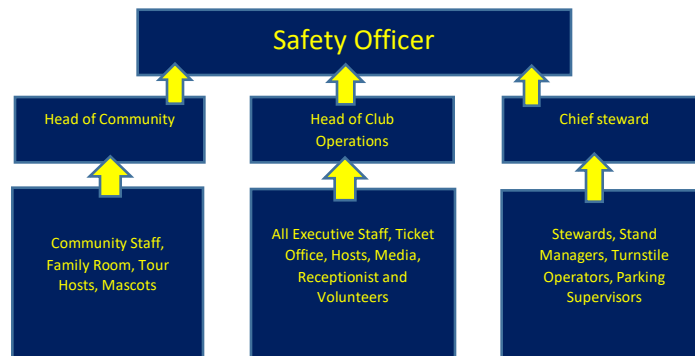

- Children or vulnerable people using toilet facilities alone
- Large groups of children.
- Adults drinking alcohol whilst supervising children
- Unaccompanied under 18
- Lost or missing children.

Specific club policy (available separately) and procedures should minimize risk to children and vulnerable people. Policies that should be considered along with the club safeguarding policy include:

- Ticketing and admissions policy
- Missing person policy
- Lone working policy
- Risk assessments
- Operations manual

Matchday Safeguarding Structure

11 Whistle blowing:

Volunteers, coaches, match officials, parents and other juniors may be the first to have concerns about a child's safety and welfare. However, they may be reluctant to express their concerns as speaking up may be difficult. They may also fear harassment or victimisation. In these circumstances it may seem easier to ignore the concern rather than report what may just be a suspicion of poor practice. When individuals feel unable to follow the normal reporting procedures or have already followed the procedure and consider that the issues have not been adequately addressed, they are encouraged to contact the Welfare Officer. This process, known as "whistle-blowing", enables individuals to share their concerns, in confidence with the Safeguarding Team without fear of victimisation, subsequent discrimination or disadvantage. All concerns will be taken seriously and managed accordingly within the OUFC Safeguarding Policy, Procedures and Practices. OUFC will fully support and protect those, who, in good faith, report their concerns that someone has demonstrated poor practice or has abused, or may be, abusing a child. OUFC will do its best to protect the identity of the whistle-blower when they raise a concern and do not want their name to be disclosed. However, depending on the seriousness of the allegation, particularly when it may be necessary to seek advice or inform the Police or Social Services, it may not be possible to keep the source of the information hidden. The individual will be given prior notice of this and a chance to discuss the consequences. The OUFC will ensure that support is available both during and following an incident or allegation. In cases where you are required to take immediate steps regarding a serious incident of abuse, or you do not feel able to disclose your concerns to Welfare Officer, an individual must contact the Police, Social Services or the NSPCC.
